

# WOODHOUSE

## ORIENTEERING MAP

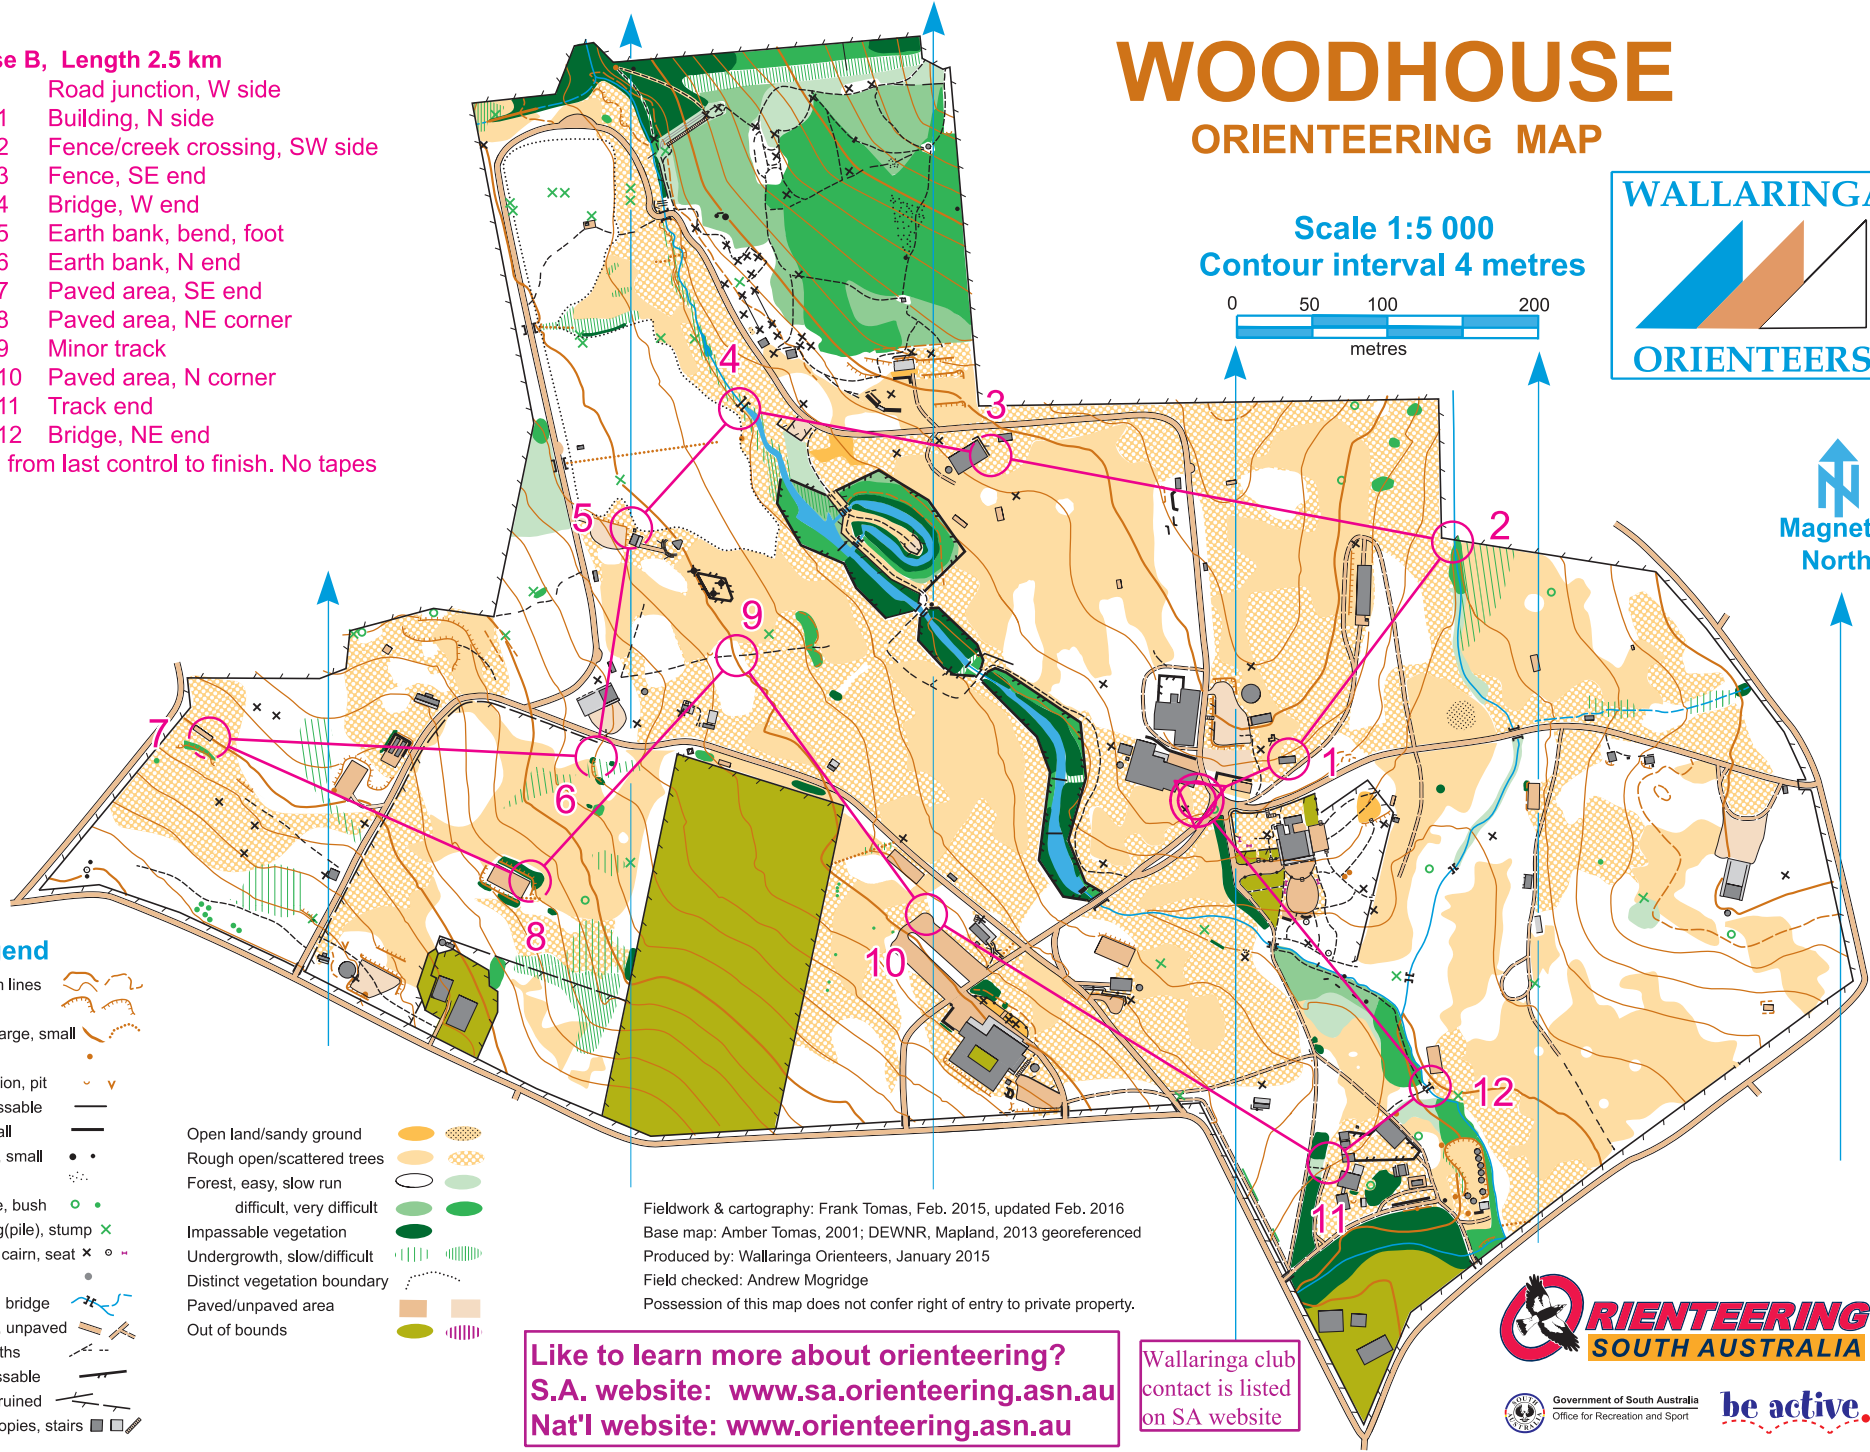

Scale 1:5 000  
Contour interval 4 metres

### Course B, Length 2.5 km

- Start Road junction, W side
1. B1 Building, N side
  2. B2 Fence/creek crossing, SW side
  3. B3 Fence, SE end
  4. B4 Bridge, W end
  5. B5 Earth bank, bend, foot
  6. B6 Earth bank, N end
  7. B7 Paved area, SE end
  8. B8 Paved area, NE corner
  9. B9 Minor track
  10. B10 Paved area, N corner
  11. B11 Track end
  12. B12 Bridge, NE end
- 240 m from last control to finish. No tapes

### Legend

- |                              |  |                              |  |
|------------------------------|--|------------------------------|--|
| Contours, form lines         |  | Open land/sandy ground       |  |
| Embankment                   |  | Rough open/scattered trees   |  |
| Erosion gully large, small   |  | Forest, easy, slow run       |  |
| High point                   |  | difficult, very difficult    |  |
| Small depression, pit        |  | Impassable vegetation        |  |
| Rock face, passable          |  | Undergrowth, slow/difficult  |  |
| Impassable wall              |  | Distinct vegetation boundary |  |
| Boulder, large, small        |  | Paved/unpaved area           |  |
| Stony ground                 |  | Out of bounds                |  |
| Distinctive tree, bush       |  |                              |  |
| Root stock, log(pile), stump |  |                              |  |
| Made feature, cairn, seat    |  |                              |  |
| Tank                         |  |                              |  |
| Watercourses, bridge         |  |                              |  |
| Roads, paved, unpaved        |  |                              |  |
| Tracks, footpaths            |  |                              |  |
| Fences, impassable           |  |                              |  |
| passable, ruined             |  |                              |  |
| Buildings, canopies, stairs  |  |                              |  |
